# COLE FIELD HOUSE

The athletic facilities at Maryland University are among the finest in the nation.

Cole Field House, center of the Terrapin Athletic program, is home of the women's basketball team. Built in 1955, it is one of the most famous landmarks on campus. One of the largest facilities on the east coast, the 14,500 seat arena is a prime site for national and international competition.

# 1985 - 86
# OUTLOOK

Challenge! That's the key word in Coach Chris Weller's outlook for the upcoming 1985-86 Women's Basketball Season. Trying to bounce back from an uncharacteristic losing season, Weller believes her young team will challenge other top ten contenders for their spot in the top twenty.

Lost from last year's squad are tri-captains Julie Silverberg, Clara Faison and Dorothy Smith. Silverberg was out most of the season with an ankle injury while Smith alternated with 6-5 All-American Carolin Dehn-Duhr. Faison finished out the season with a career high 19 points and 11 rebounds against N.C. State.

Returning from last season are six lettermen, two sophomores, two juniors and two seniors. For the past two years, senior 5-11 Chequita Wood heads the list of returners as top rebounder and scorer. Wood averaged 11.9 points while pulling in 7.5 rebounds. Both Wood and Senior Monica Gannon will lead the team as co-captains this season. Gannon, a 6-0 forward, made the Atlantic Coast Conference Honor Roll for her excellence in the classroom as well as being a fine athlete. Jonette Niles, a 5-10 junior guard from Westbury, NY returns with the second best shooting average (11.5 ppg). Carolin Dehn-Duhr is a sophomore this year and at 6-5, stands as one of the tallest women's basketball players in the country. Dehn-Duhr played in all 27 games last year and averaged 8.3 points and 4 rebounds per game.

After being redshirted her sophomore year, 5-4 junior Chris Vera came back last year to record 65 assists, the third highest on the team. Sophomore Lisa Brown will be back this year adding both speed and depth to the Terps lineup.

The Women's Basketball Team has five newcomers this season. At the top of the list are two international stars from Finland and Yugoslavia. Kaisa Maine from Lappeenranta, Finland is a 6-1 forward who played on the silver medal Finnish team in 1983-84. Zorona Radovic is a 5-4 guard from Belgrade who has been playing basketball for over 10 years. She has been a member of the Red Star Belgrade Championship Basketball Team for the past four years.

Pam Noyes is a local player out of Churchill High School in Potomac, Maryland. Noyes, a 5-11 forward averaged 15.7 points and 9.5 rebounds per game in her senior year. Brenda Mason, a 6-0 forward from Plymouth Whitemarsh High School in Conshohocken, PA averaged 17.5 points and 8.5 rebounds per game her senior year while capturing several honors including Street & Smith All-American, Converse All-American, All-League and All-Area. Subrena Rivers out of New York City's August Martin High School averaged 18 points and 10 rebounds per game her senior year. Over the past four years her high school team won its division title 4 times, its borough title 3 times, the city title 3 times and the state title twice. Rivers was also voted best high school player in New York City.

Coach Weller is excited about the upcoming season. "The blend of the returning players with that of the newcomers should prove to be a more balanced team, one that will be able to bounce back into the top twenty," states Weller. "Our quickness has improved dramatically and the potential is there to be very good."

# *Richard Michael "Dick" Dull*

*Director of Athletics*

Dick Dull is beginning his fifth year as chief administrator of an extremely successful Department of Intercollegiate Athletics. In his four years as the Director of Athletics the department has not only been successful in intercollegiate competition but has been financially stable.

During the 1984-85 season the Maryland football team won its second consecutive ACC Championship and captured the Sun Bowl title in its third consecutive Bowl trip. The basketball team, defending ACC Champions, made the NCAA Championship field for the third consecutive year and reached the final 16 before losing to eventual champion Villanova. The Women's basketball team has also been to the NCAA Championships in three of the last four years and the Women's lacrosse team gained the NCAA title game for the second consecutive year.

While looking ahead to continued success on the field with a national championship contender in football, Dull has resisted attempts by several major universities to lure him from College Park. At 40 he is recognized as one of the top administrators in intercollegiate athletics.

Dull assumed the duties of Director of Athletics on August 1, 1981. He was appointed by the Board of Regents on June 19, 1981.

He spent his first Christmas as Director of Athletics searching the nation for a Head Football Coach. His second Christmas on the job was spent in Hawaii as Bobby Ross took the Terps to the initial Aloha Bowl for a Christmas Day game against Washington. He was able to relax while celebrating the third as he had just returned with Ross and the football team from the Florida Citrus Bowl, and spent his fourth Christmas as the Athletic Director celebrating a Sun Bowl victory.

He has the responsibility for a self supporting department of the University with a six million dollar budget. In addition to supporting 22 varsity teams the department is responsible for the operation and maintenance of an 18 hole golf course and driving range. Other facilities the department is responsible for include Cole Field House, Byrd Stadium, Shipley Field, two football practice fields and an artificial turf all-purpose practice field. In addition there are facilities for Intercollegiate Soccer and Lacrosse, Women's Field Hockey and Lacrosse and Tennis courts for men and women. The department has over 90 employees.

Despite rising prices, especially in the areas of equipment, medical care, insurance, travel and scholarships and competition for the entertainment dollar, he has maintained financial solvency.

He was well qualified for the position taking over a department that he had worked his way through, beginning as a student athlete in 1964.

Since joining the Maryland Athletic Department, Dull's duties have encompassed everything from coaching on the field to scheduling, supervision and administration of all non-revenue sports, serving as liaison with the Office of Financial Aid, supervision and administration of the Business Office of Intercollegiate Athletics and he reorganized the former Department of Women's Intercollegiate Athletics into the Office of Non-Revenue Sports.

Since taking over as Athletic Director he has reorganized the promotions department and initiated new Athletic Department publications designed to whet the appetite of sports fans and athletes interested in Maryland athletics.

He initially came to Maryland as a student-athlete from Biglerville High in Pennsylvania. He received his Bachelor of Arts as a Political Science major in 1967 and then moved on to the Maryland School of Law.

He received his Doctor of Laws in 1971 and the experience gained as an Attorney at Law for four years contributed to his success and perseverance throughout the past four years.

# Dr. John S. Toll

*President*

As president of a major research University with five campuses and 87,800 students worldwide, John S. Toll devotes considerable energy to strengthening excellence in teaching, research, and public service. He is committed to the University's effort to develop programs of high quality, to retain and attract outstanding faculty and students, and to extend the University's expertise throughout society. As a highly respected leader in higher education, he has created new partnerships with industry, government, schools, and other institutions in this region.

In the past two years, milestones in the University's progress have included two Pulitzer Prizes for faculty members and important developments in medical research and treatment, in biotechnology, and in many other areas.

John Toll graduated from Yale with highest honors and earned his advanced degrees in physics at Princeton. During his distinguished career as a theoretical physicist and educator, for 12 years he chaired the physics department at the College Park campus and led it to national prominence. He then served as president of the State University of New York at Stony Brook from 1965 to 1978, when he returned to Maryland to become the University's 22nd president. An avid jogger and tennis player, Dr. Toll and his wife Deborah have two daughters.

# Dr. John Brooks Slaughter

*Chancellor*

John Brooks Slaughter, the third Chancellor of the College Park Campus, is a distinguished scientist and a dedicated humanitarian as well as an able administrator. His research specialities are in the fields of electrical engineering and computer systems. His accomplishments in these fields have brought him high recognition. He is a Fellow in the Institute of Electrical and Electronic Engineers and the American Association for the Advancement of Science. He holds membership in the National Academy of Engineering, was selected U.C.L.A. Engineering Alumnus of the Year (1978), received the Distinguished Service Award from the National Science Foundation (1979), and was recognized for Distinguished Service in Engineering by Kansas State University (1981).

Prior to assuming his responsibilities at the University of Maryland he served as Academic Vice President and Provost at Washington State University and as Director of the National Science Foundation. In his inauguration address to the College Park campus on May 3, 1983, he set the course for his administration: "I want to see this campus continue its vigorous pursuit of academic excellence while reaching out to a more diversified student body. I want the University of Maryland at College Park to set a national standard for excellence and equality. As we pursue these goals, we must also enhance our contributions to the State. Finally, I am committed to a university that is a community, a community that takes pride in itself and touches each person involved in the campus with pride."

# Head Coach

CHRIS WELLER

One highlight of last season for Coach Chris Weller was capturing her 200th win over Georgetown by a score of 63-40. However, last season, in an uncharacteristic year for the Lady Terps, Maryland dropped out of the top 20 poll for the first time since its existence in 1976.

During her ten years with the Women's Basketball Team, Weller has recorded 205 wins and only 79 losses. Those wins have brought her team to seven post season tournament appearances, two Final Four berths, five ACC Championships, 128 consecutive appearances in the top 20 poll and six years of being ranked in the top eight in the country. Ten of her previous players have played on international teams ranging from Athletes in Action to the Olympic teams. This year, Coach Weller will have two outstanding players from Finland and Yugoslavia.

In her first season at Maryland the Terrapins were 20-4 for the season, ranked in EAIAW Regional Tournament along with winning the Maryland State Championship. In '76-77 they placed fourth in the region finishing 17-6 and were ranked 13th nationally. The '77-78 season saw them win the first ACC Championship, finishing second in the EAIAW region and AIAW National Tournament while ranking second in the nation.

Finishing sixth in the nation in 1978-79 Maryland's Women's Basketball team won the first Orange Bowl Women's Classic Tournament, their second ACC title and another trip to the AIAW National Championship Tournament. They were ranked sixth in '79-80 winning the EAIAW regional crown, and progressing to the AIAW quarter finals. With their "centerless" squad of '80-81 the Terrapins won their third ACC title and progressed to the Quarterfinals of the National Tournament for the fourth consecutive season and were ranked 8th in the nation. 1981-82 brought the Terrapins' fifth 20+ victory season (25-7), their second Orange Bowl Classic Title, a Championship title at the Syracuse tournament, a fourth ACC Title, an NCAA West Regional Crown, a first ever appearance in the NCAA Final Four and a third place national finish. Season championships at Drake Harvest Classic and the Syracuse Classic preceded the school's 5th ACC Title in '82-83 finishing ranked 6th nationally. In 1983-84 Coach Chris Weller started the rebuilding of the Terrapins while still maintaining their position in the top 20 national rankings. The team once again made it to the NCAA Tournament and finished ranked 17th in the nation.

Weller is a member of the Maryland Class of '66. She played four years of varsity basketball, serving as team captain on two of them. In addition to basketball, Weller was on the swim team for two years and played on the school's first women's lacrosse squad. Following graduation she taught physical education for seven years at nearby John F. Kennedy School in Silver Spring, Maryland. As a teacher she coached basketball, track, tennis and lacrosse.

Weller returned to Maryland in 1973 and became assistant basketball coach and working with the Junior Varsity program. In 1975 she took over the varsity program and in 1976 was appointed Assistant Athletic Director for Women's Sports, a position she held until 1980. In those four years, Coach Weller was instrumental in building one of the finest women's athletic programs in the nation.

Weller was voted Kodak District III Coach of the Year in 1983. In 1985 she was appointed to the U.S. Olympic Committee and served as the assistant coach for the U.S. National Jones Cup Team that won the gold medal in Taiwan in July this past summer. She has also served on committees such as the Kodak All-American Committee and the EAIAW Basketball Committee.

For the past seven summers Coach Weller has run a basketball camp for girls helping to encourage the growth of interest in women's basketball. Weller is also a popular speaker at coaching clinics having developed a reputation of being one of the top technicians of the game.

# Assistant Coaches

### Belinda "Boe" Pearman

Boe Pearman begins her first season as an assistant coach for the Terrapins. She received her bachelor's degree in Recreation from the University in 1985. Boe was a member of Weller's 1980-84 squad and co-captain her senior year. She is the sixth all-time leading scorer (1284) and the ninth leading rebounder (531). In 1982, Boe made the ACC All Tournament Team and in 1984, was on the All-ACC Second Team. She holds the record for most games played in a season (32) in 1981-82 along with Debbie Lytle and Marcia Richardson. Originally from Hagerstown, Maryland, Boe was an All-American at South Hagerstown High. Pearman also lettered in volleyball and track while at Hagerstown.

### Tara Heiss

Tara begins her first year as part time assistant coach for the Women's Basketball Team. Tara graduated from the University in 1978, playing basketball all four years. Heiss was the Lady Terps' first 1,000 + career scorer. A starting point guard for three seasons, Heiss can best be remembered for her 1977-78 senior year when the team was ranked second in the nation and won its first ACC Women's Championship and reached the final game of the National Championship Tournament.

# Support Staff

## Sandy Worth

Sandy Worth begins her 12th year as Associate Athletic trainer at the University of Maryland. A graduate of Maryland (1973) Sandy holds a B.S. in Physical Education.

Sandy came from Delaney High School in Baltimore to play field hockey and basketball for Maryland. While playing her four years, Sandy became interested in training after sustaining several injuries.

Worth, now certified by the National Athletic Trainer's Association (N.A.T.A.) is also an author of several athletic injury articles, a clinician/lecturer at training workshops and a certified EMT. Along with her training responsibilities, Sandy coordinates the student-trainer program.

**Mary L. Baldwin**
**Assistant Sports Information Director**

Mary came to the Athletic Department last August as Secretary for Sports Information Director Jack Zane and the Sports Information Office. She now has been selected to join Zane's staff as Assistant Sports Information Director to handle women's basketball and all non-revenue sports.

A native of Rockville, Md., she graduated from Robert E. Peary High School, 1973. She received and A.A., Recreation from Montgomery College, 1975, and a B.A. in Sports Administration from Miami's Biscayne College, 1982.

While at Biscayne, Mary was secretary to the Athletic Director and Sports Information Director, getting her training for the sports information field. During her senior year, she served an internship with the Baltimore Orioles as Administrative Secretary to the Director of Player Development for the '82 spring training camp in Miami.

During the 2-year existence of the Washington Federals of the USFL, September 1982-June 1984, she was Administrative Assistant to the Assistant General Manager/Player Personnel Director of the Federals.

Mary, along with handling all media responsibilities for the women's basketball program, will help coordinate the operation of the football press box for all home games.

In the International world of basketball Maryland can hold its head high. International competition tests the athlete to his or her extreme. The pressure of the actual competition is sometimes less than that experienced during team tryouts. In any event, representing one's country is both an honor and a reward to the long hours spent working on developing the athletic skills that ranks the athlete among the best in the world. Several Terrapins, past and present have received such recognition.

Among these is Tara Heiss, the Terps first 1,000 + career scorer. Maryland's starting point guard for three seasons, Heiss can best be remembered for the 1977-78 senior campaign which saw her team capture the first ACC Women's Championship and reach the final game of the National Championship Tournament, ending the year 27-4, ranked second in the nation.

In the summer of '78 Heiss was selected to the 12 player U.S. Women's team that toured the Orient, and was the only American chosen to the Big-Four All-Tournament team. In November of the same year she was again selected to play for the U.S. National team against the People's Republic of China National Touring Team in Madison Square Garden.

In April of 1979, Heiss was selected to the U.S. Pan American squad that won its first World Women's Basketball Championship since 1957, in Seoul. In that tournament, Heiss was voted the most popular player. Heiss realized a major achievement when she was named to the 1980 United States Olympic women's basketball squad.

Select Team

Kris Kirchner, a three year starter for Maryland, the Terps leading rebounder, and second in career points, also boasts tremendous international experience. Prior to attending the University of Maryland (1977), Kirchner was selected to the U.S. Jr. Pan Am Team that toured Mexico City and won the "Cristobal Colon Cup". The following summer (1978) she was part of the U.S. National Team that journeyed to the VIII Bulgarian Federation Tournament in Burgas, Bulgaria.

In 1979 she was chosen to the U.S. Pan Am team, traveling to the Far East and to Puerto Rico. The summer of 1980 saw Kirchner join former teammate Heiss on the U.S. Olympic team which played exhibition games in Switzerland, France and Italy and was the winner of a pre-Olympic Tournament among 23 countries in Varna, Bulgaria.

Jane Zivalich, a four year letter winner at Maryland, was selected in 1977 to play on the United States Junior Pan-Am team in a tournament in Taiwan. A knee injury sustained in the semi-finals of the 1978 AIAW Championships kept her out of additional international competition.

Krystal Kimrey, who captained the Terrapins during the 1979-80 season, also gained

**Myra Waters**

1978 National Festival (Selected to U.S. Jr. Nat'l. Team)

international experience while at Maryland. She spent two summers touring Europe playing for the Athletes in Action team.

A two year standout forward for the Terps, Debbie Jones, played for the 1978 U.S. Select Team. A transfer from Pitt, Jones helped pace Maryland to their second place national ranking her senior year and is currently listed 11th on the all-time rebounding list with 412.

The Terps 1981-82 co-captain, Myra Waters was selected to the Mid-West Junior Women's Basketball squad that attended the 1978 Olympic Festival in Colorado. She was then selected to the U.S. Junior team that was to tour Peru.

Jasmina Perazic, a Terrapin from 1979 to 1983, is a leader on the Yugoslavian National team as well as in Maryland record books. A past Olympic competitor, she led her team to top spot in the European Games this year and was named MVP in the championship. She was the tournament's leading scorer shooting 60% from the floor and 90% from the line (26 ppg) and the second leading rebounder.

Rhodes Scholar Finalist

Marcia Richardson Maryland's all time leading scorer was selected to participate as a member of the East Squad in the summer of 1981 at the National Sports Festival in Syracuse. After a successful tournament she was one of 12 players selected to the Junior National team that toured Yugoslavia. In the summer of '82, she again went international, playing in the Jones Cup Tournament for the U.S. National Team.

Another player, Julie Silverberg, played in the 1981 Maccabean Games. Lea Hakala, a forward on the 82-83 squad competed for the Finnish National Team in international competition.

International Players serve as a great inspiration to everyone involved in Intercollegiate Athletics. They also bring back greater leadership skills to their individual college's program as well as promoting the sport at the highest level of achievement.

# The University of Maryland

The University of Maryland, located in College Park, Maryland, was founded in 1807 as the College of Medicine of Maryland. The name was changed in 1812 to the University of Maryland and in 1920 it was merged with the Maryland State College. The current enrollment of students on the College Park campus totals 38,307. The University is located just north of our nation's capital, Washington, D.C. Visitors to the University of Maryland will be sure to find (clockwise from upper left) the Maryland Chapel, Main Administration Building, Hornbake Library and the Glenn L. Martin Institute of Technology (the engineering building).

Led by its flagship campus at College Park, the University of Maryland is the state's land grant institution located on five major campuses that reach out to university students worldwide.

With some 87,838 students, more than 4,000 full-time faculty, and over 400 major programs of study, the university ranks among the top 20 public research universities in the country. Six programs at College Park (computer science, math, physics, art history, economics, and electrical engineering) are ranked among the top 10.

The 1,378 acre College Park campus, encompassing 10 professional colleges and schools, offers 125 programs of study for undergraduates. Preprofessional education is offered in 13 fields; the graduate student may choose among 80 academic areas.

Close to 30,000 undergraduates, including an increasing number of Merit Scholars and recipients of Banneker Scholarships for black students, and 8,000 graduates avail themselves of such research facilities as: scanning electron microscopes; subsonic and supersonic wind tunnels; an electron ring accelerator; a gravitational radiation detection system including a gravimeter on the moon; a criminal forensics laboratory; and a laboratory for plasma and fusion energy studies. To serve both students and faculty, the McKeldin and Hornbake libraries together with a number of specialty libraries provide materials covering all fields of modern and ancient research.

The Baltimore City campus in downtown Baltimore consists of the Schools of Dentistry, Law, Medicine, Nursing, Pharmacy, Social Work and Community Planning, as well as an inter-professional graduate school, a 785 bed Hospital, and the Institute for Emergency Medical Services. The University of Maryland Medical Systems/Hospital includes the Shock Trauma Center, the Cancer Center, and other health related institutes serving the community and the state.

UMBC, the modern 476-acre Baltimore County campus, opened in 1966. Offering the traditional arts, humanities, and sciences curricula, UMBC also has new programs in computer science, engineering, nursing, and information systems management. Graduate degrees are offered in 20 fields, including marine biology and policy sciences.

The Eastern Shore campus, located in historic Princess Anne, offers a full range of curricula in the arts and sciences, agriculture, and business fields. Research and public-service organizations on the 536-acre campus include the Cooperative Extension Service, Hospitality Resources Center, Institute for Eastern Shore Studies, and Soybean Research Institute.

University College, with close to 12,000 students stateside and over 24,000 overseas, is one of the country's leading centers for lifelong learning. The European and Asian Divisions of University College bring degree programs to U.S. military and government-affiliated personnel and their families in some 15 foreign countries.

Other major components of the university are the Center for Environmental and Estuarine Studies, where research and public service projects deal with the biology and ecology of Maryland and the Chesapeake Bay; the Cooperative Extension Service which provides statewide service on agriculture, home economics, and ways to improve living conditions; and the Maryland Agricultural Experiment Station carrying on a university-wide program of research in agriculture and related areas. In addition to these centers, the U.S. Department of Commerce has designated Maryland as a Sea Grant College in recognition of the quality of its work related to the Chesapeake Bay.

# WHERE IT HAPPENS

Located near big cities, small towns, intellectual resources and beautiful country side, The University of Maryland offers the best of both worlds.

While located only nine miles from our nations Capital, College Park is still able to maintain its small town charm, with quick access to not only Washington, D.C. but Baltimore and Annapolis. This 40 mile corridor between Washington and Baltimore is one of the richest concentrations of resources and intellectual leadership in the world and the University of Maryland is in the center of it all. As a student you have easy access to many of the country's best research facilities such as, the Library of Congress, the Shakespeare Library, the National Library of Medicine and the Department of Agriculture facilities.

In addition to the scholarly pursuits there are many cultural and entertaining opportunities near by from the Kennedy Center for the Performing Arts with its concert hall and opera house, the National Theater, to the Smithsonian Institute with their many museums. Washington has a lot to offer. Washington is also the home of the National Symphony Orchestra and headquarters of the American Film Institute. Twenty minutes from campus is the Capital Center, a modern sports and concert arena and home of the Washington Capitals and the Washington Bullets.

One of the great ports of the world, Baltimore, 35 minutes away, has undergone a recent and remarkable revitalization. Baltimore's Inner Harbor now glistens with new office towers, quaint shops and ethnic restaurants representing its many colorful neighborhoods. James Rouse's Harbor place mall and the new National Aquarium anchor the Inner Harbor and have transformed it into a cultural magnet that each year attracts thousands of tourists.

The University of Maryland is surrounded by history not only by the well known sites of Washington and Baltimore but within the beautiful countryside of Montgomery and Prince George's counties. Annapolis the capital of Maryland has a charm of its own with its cobblestone roads and sailing ports.

The area of Washington to Baltimore produces a corridor of exceptional opportunities, however College Park's relationship with it is not one of just proximity. Hands-on experience is available to undergraduates at some of the country's most prominent agencies and institutions from NASA and the Smithsonian to Congress itself. Because of its unique location, the University of Maryland at College Park is also able to draw Nobel Prize winners, cabinet members and internationally renowned scientists, artists and writers who regularly visit the campus to share their knowledge with students.
